Yangon, Myanmar, April 3, 2025 - On March 28, 2025, a powerful earthquake with a magnitude of 7.7 struck the central part of Myanmar, particularly impacting the Sagaing Region. In response, AW Foundation has donated 2 Billion Kyats to assist in both immediate rescue operations and the long-term recovery of affected communities. More than 100 machinery units to aid in the efforts in the Nay Pyi Taw and Mandalay regions.

These rescue operations are being carried out systematically and effectively with financial support, manpower, machinery, and technology to ensure that timely and impactful assistance reaches all those affected by the earthquake, regardless of race, religion, or region.

The earthquake caused significant loss in Myanmar, affecting families, homes, and historical heritage sites. AW Foundation expresses deep condolences for the losses and reaffirms its commitment to providing continued support to the people affected. It will keep offering essential assistance to help the public recover and rebuild.

About AW Foundation

Together, we can create change!

Founded in 2014, AW Foundation to support its philanthropic initiatives strategically. The Foundation engages in a wide range of humanitarian efforts across Myanmar, including healthcare, education, disaster recovery, emergency relief, and providing humanitarian aid.

AW Foundation aims to continue its support for the improvement of social well-being for Myanmar citizens by providing consistent assistance. Notable projects include the improvement of the first specialized infectious disease treatment center in Myanmar (Wai Bar Gi), Myanmar's first pre-stressed concrete bridge project in the Taungoo region, and the 55-kilometer Rakhine Angumaw-Maungtaw Road,

AW Foundation will continue to uphold its mission to contribute to the development of Myanmar's citizens, offering meaningful assistance to enhance their social lives.
